Hi Beth –

Attached are the slides that Yvette plans to use during next Wednesday's session, and which can be shared with the RDDs. As I mentioned earlier, OPPT ***may*** have an additional handout to support that session. Susanna Blair, copied, will advise on Thursday morning regarding status in my absence.

Best,
Alison

N.B. A quick catch on the agenda – if a new version goes out, you may simply want to capture Yvette's presentation as follows:

- TSCA Implementation
- 2019 TRI National Analysis
- Emerging issues- e.g. PFAS 8(a)(7) rulemaking

Just a suggestion. "TSCA21" isn't a phrase that folks use in headquarters anymore, so it may just help cut down on confusion going forward.

Greetings,

Thank you for your input at this morning's session meeting, please find updated session outline attached/[sharepoint/Teams](#) and the agenda below. Please let me know if you need to make further edits. I've also

attached the SANE memo from Feb. meeting but I don't know if this has been updated. Please send all the session materials by Friday, Nov. 6th and I will upload them accordingly.

Also as part of this teams meeting, I would like each of you to share your respective presentations (I will have them as a backup in case of technical difficulties) and I would like to record each session. I will ask your permission before the session as well in the event that anything has changed. This meeting is an internal EPA meeting.

Please let me know if you have any questions.

Subject: OCSPP/RDD Meeting Nov. 17th: Session #6- OPPT OECA Session Outline- Meeting materials by Fri. Nov. 6th

Greetings Yvette, James, and Martha:

I wanted to touch base on Session #6, the OPPT OECA Session for the OCSPP/RDD Fall National Virtual Teams meeting on Nov. 18th.

I've set up Sharepoint folders and a [Team](#) site for this meeting with separate channels for each session. Please review the draft session outline on [sharepoint](#) or [Teams](#) that will serve as a road map to help facilitate this session. As you prepare, please consider what regional input would be useful from the DD's to help tee up the discussion e.g. TSCA21: long-term regional role in regulating chemicals, regional input in PFAS 8(a)(7) rulemaking, enforcement/compliance.

I will send an invite for Mon. Nov. 2nd from 9:30-10:00am to discuss any feedback on timing/topics/speaker roles and materials for session. I'm requesting meeting materials (powerpoints, handouts) no later than **Friday, Nov. 6, 2020**. I've attached the session materials from Feb. 2020 OCSPP/RDD meeting for your reference and cc'd folks as a heads up of possible incoming information requests to help prepare this session.

Please feel free to call/chat via Teams/email me with any questions, clarifications. I look forward to working with you to make this a robust session!
